BETWEEN KENDRIYA VIDYALAY SANGATHAN (KVS) AND HAS SOFT TECHNOLOGIES PVT LTD

This memorandum of understanding made at New Delhi between HAS SOFT TECHNOLOGIES PVT LTD, a software design and development corporation registered as a Private Limited Corporation and represented by Managing Partner hereinafter referred to as "HAS SOFT" of the one part and the Kendriya Vidyalaya Sangathan, New Delhi – an autonomous organization under the department of School Education and Literacy, Ministry of HRD, represented by its Commissioner hereinafter referred to as Kendriya Vidyalaya Sangathan (KVS) of the other part, on 19.8.09.

2. Kendriya Vidyalaya Sangathan (KVS) established Vidyalayas all over the country to impart quality education, promotion of national integration, adventure activities, physical education etc. Improving quality through sharing of experience and facilities have been some of the aims of these Vidyalayas.
3. At present under KVS, there are 978 Vidyalayas spread over States and Union Territories. There are also 3 Vidyalayas abroad. These Vidyalayas have over 1 million students on roll.
4. The Kendriya Vidyalayas are envisaged as model and pace setting institutions to lead the school education system in India and paving the way for realization of national goals.
5. HAS SOFT TECHNOLOGIES PVT LTD, with offices across US and India is pioneer in design and development of education software catering to schools globally. HAS SOFT is experienced in implementing School and Content Management Software across the globe. The software is designed and developed using latest web technologies and deployed using cloud computing technology. This software significantly minimizes operational costs to organizations, improves productivity and stream line processes within the organization. With rich features and functions, meets ninety five percent of any education institution software requirements. HAS SOFT is well equipped with talented engineers and infrastructure to provide high quality software support to its users. Partnered with CTRL-S datacenter provides ZERO application downtime to the users. High Level of security has been implemented to ensure data security and privacy.
6. Towards integration of the Computer Education Programme of the Kendriya Vidyalayas, KVS has already equipped a large number of their schools with computer and internet technology. In addition to computer literacy programme, students and teachers are encouraged to use computer as a medium of teaching and learning and also conduct research over the internet as part of their academic activity. Already substantial number of teachers have been trained in this area.
